RECOGNITION

★ **Star of the Quarter**
Aureus Tech Systems
Awarded for outstanding contribution and delivery

PROFESSIONAL SUMMARY

Frontend / Full Stack Software Engineer with **6+ years of experience** delivering responsive, performant, and accessible web applications across enterprise SaaS products. Deep expertise in **Angular, React, TypeScript, NgRx, and Redux**, with a solid full-stack perspective via **Node.js, Python, and AWS**. Proven ability to architect Micro Frontend systems, build component libraries, and mentor junior engineers. **UK Graduate Visa holder** — available to start immediately, no sponsorship required.

EXPERIENCE

Software Engineer Jun 2022 – Jan 2024
Aureus Tech System Pvt Ltd. · Hyderabad, India

- Built scalable Angular and React UIs for enterprise clients, improving page load by ~25%
- Architected Micro Frontend solutions using Module Federation for large-scale SaaS platforms
- Developed reusable component libraries and maintained ESLint + Prettier code standards
- Collaborated with UI/UX designers to translate Figma designs into pixel-perfect components
- Delivered sprint goals consistently in Agile team with 98% on-time record

Software Engineer Jun 2021 – Jun 2022
WatchGuard Technologies Pvt Ltd. · India

- Developed and maintained security software applications using Angular, AWS, and Python
- Wrote unit and integration test cases using Jasmine, Karma, and pytest
- Integrated REST APIs with Python backends and contributed to CI/CD pipeline setup
- Completed internal training on AWS services, Cyber Security, and Angular best practices

Frontend Developer Jun 2018 – Oct 2021
Oodles Technologies Pvt Ltd. · Gurugram, India · 3 yrs 5 months

- Built React and Angular enterprise applications serving thousands of daily active users
- Migrated legacy jQuery UI to component-driven architecture, improving performance by ~30%
- Applied NgRx state management for complex async workflows across long-running SaaS products
- Integrated REST APIs with Node.js and MongoDB, delivering secure data-driven features
- Mentored interns and junior developers on frontend best practices and code review standards

KEY PROJECTS

🛒 **E-Commerce Platform**
React · Node.js · MongoDB · Stripe API
Full-stack shopping app with cart, auth, and secure payments

📊 **Analytics Dashboard**
React · Chart.js · REST API · Tailwind CSS
Real-time data visualisation with responsive layout

📅 **Task Management App**
Angular · NgRx · TypeScript · Firebase
Kanban boards with drag-and-drop and role-based access control

🔑 **Auth & User API**
Node.js · Express · MongoDB · JWT
Production-ready REST API with JWT and refresh tokens
